

ArjunAsks: Day and Night Activity Sheet

ArjunAsks

DAY AND NIGHT: EARTH'S ROTATION

Activity:

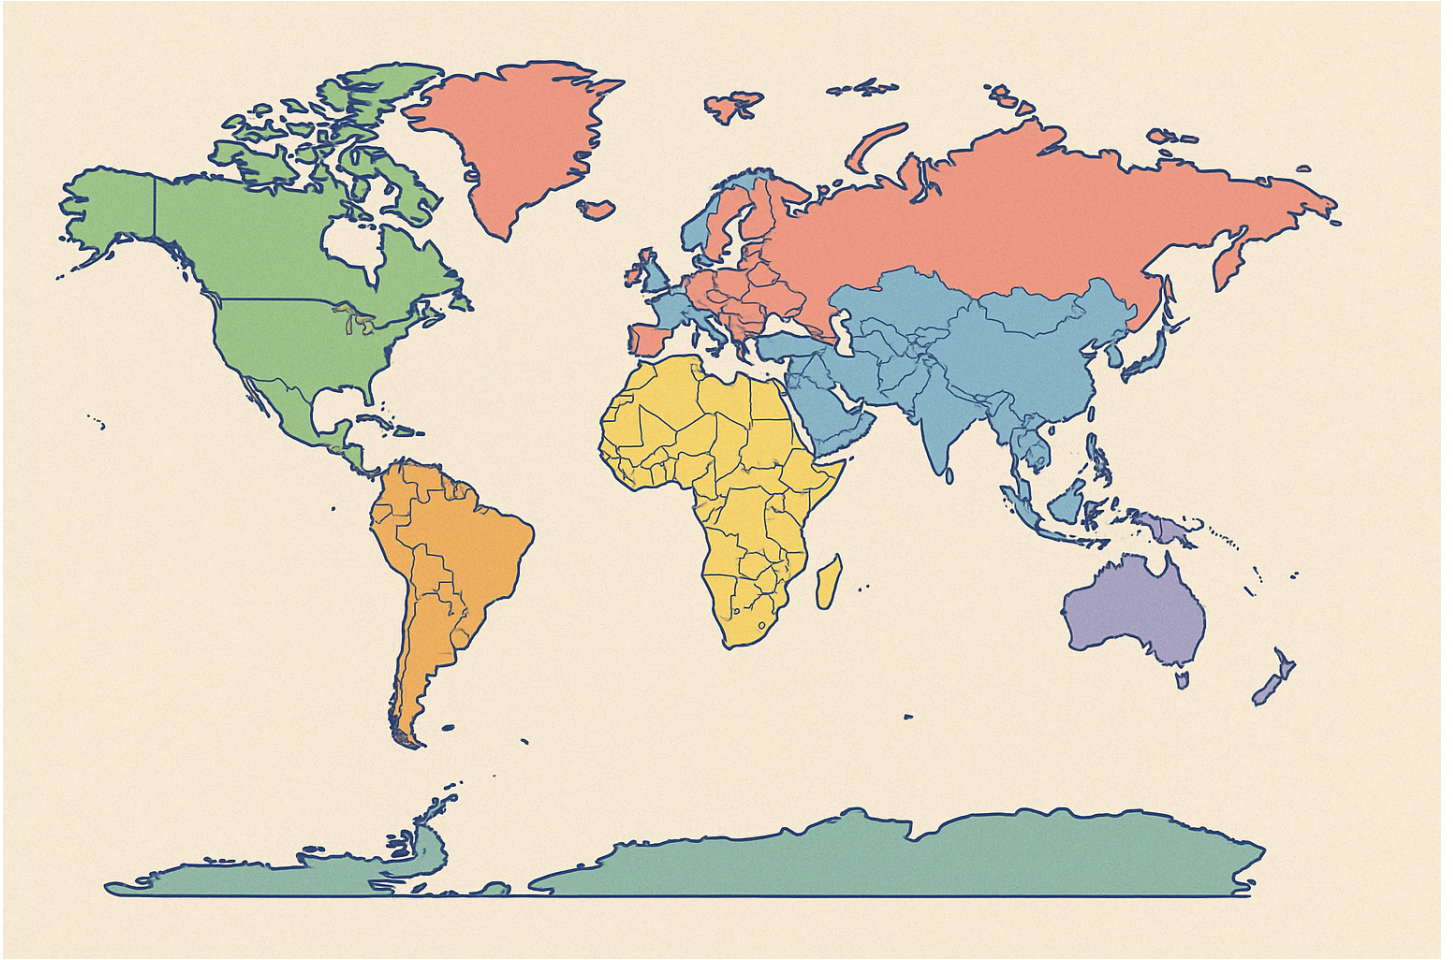

- 1 Gather your materials
- 2 Shine the flashlight on the globe
- 3 Slowly turn the globe

Requirements:

- Flashlight
- Globe

Observations:

ArjunAsks: Day and Night Activity Sheet

Activity: Marking Day and Night on the World Map

1. Find the USA and India on the map.
2. Mark where Arjun lives (USA) and where Grandma lives (India).
3. Color the side facing the Sun as DAY and the other side as NIGHT.

Fun Fact: When it is daytime in India, it's often nighttime in the USA - because the Earth is spinning like a top!

Bonus: Fun Facts About Day & Night!

* Land of the Midnight Sun:

In places like Norway and Alaska, the sun doesn't set in summer! It stays light even at midnight.

* Longest Day:

The Summer Solstice (around June 21) is the longest day of the year. The Sun shines for the most hours!

* Longest Night:

The Winter Solstice (around December 21) is the longest night of the year. It gets dark super early!
